KENDALL ICE ARENA
2010
Summer Hockey Camps

For
Youth Hockey Players

AGES 6 - 14

Separate Weeks

June 14 - June 18

June 28 - July 2

July 26 - July 30

August 2 - August 6

Welcome,

As Director of Hockey at Kendall Ice Arena, I am proud to offer summer training to all youth hockey players regardless of age, skill or experience. Whether you are a Triple A Bantam player or a mini-mite learning the basics, we have a week geared just for your training needs this off season.

This summer, we are conducting camps for players of all ages & skill levels. Groups will be separated based on age & ability. There is no need to travel to Canada, the western US or the northeast. We have our top instructors here for you. Typically a camp designed like this would require you to purchase airfare, housing and other incidentals that could cost thousands of dollars.

All of our camps are limited enrollment camps, assuring that each player is being challenged and given constant positive feedback.

Each week of camp consists of 15 hours of ice. 3 hours each day. This is in addition to the dryland sport specific drills that are conducted with other activities to improve overall athletic development. There is no better camp in Florida than ours.

Don't be disappointed by being blocked out. Our travel camps in particular have been regarded as the most challenging camp that players have attended.

Our Rec/Select—In house camps are balanced with challenging & fun drills. Give your child the camp they want this summer. Kendall Ice Arena Hockey Camps. You won't be disappointed with the results.

*See you on the Ice.
Joe Timpone.
Director of Hockey.*
